### APPLICATION PROCEDURE

Although the WVCBAPP may attempt to distribute a reminder of recertification to eligible professionals as a courtesy, it is the **responsibility of the applicant to make timely application for recertification.** Please keep in mind that we cannot provide you with this courtesy reminder if we are not informed of changes in address or employment.

Applications for recertification must include the following items on this checklist:

- \_\_\_\_\_ 1. Completed recertification application form. This must be signed and dated and included with recertification documentation.
  
- \_\_\_\_\_ 2. Submission of signed and dated “affirmation of truth” form.
  
- \_\_\_\_\_ 3. Submission of signed and dated NAADAC Code of Ethics review
  
- \_\_\_\_\_ 4. Submission of approved contact hour documentation totaling at least 40 clock hours of continuing education units (ceu), with a minimum of 6 hours in addiction specific studies. Six (6) hours of addiction specific ethics is **REQUIRED** to renew. The remaining hours can be in any combination of the following areas: addictions, counseling technique/theory, and/or behavioral sciences. These CEUs must be dated within the last two years of this submission.
  
- \_\_\_\_\_ 5. Submission of non-refundable recertification fee due for each credential held and any late penalty fees (if applicable).
  
- \_\_\_\_\_ 6. Optional Workforce Survey

Certification must be maintained by attending continuing education programs. Recertification is required every two years. Each certified counselor must obtain 40 hours of approved continuing education and must document it by completing this application at the end of the two-year recertification period. Please complete the following application and attach the Recertification Fee of \$175.00 (see page 4 for late fees and related policies.) **This fee is non-refundable, regardless of whether your application is approved or found incomplete or insufficient.**

Please remember to list **40** contact hours of **approved** continuing education, 6 of which must be “**addiction specific**,” as indicated by the title of the workshop or training event, or by other documentation of course content. Six (6) hours of addiction specific ethics is **REQUIRED** to renew. These CEUs must be dated within the last two years of this submission.

**RECERTIFICATION APPLICATIONS MUST BE POSTMARKED BY AUGUST 30th  
THE DEMOGRAPHIC DATA SHEET (PAGE 5) MUST BE COMPLETED**

**ATTACH CERTIFICATES OF ATTENDANCE in order as they are listed on the documentation page.**

### **HOW TO OBTAIN APPROVED STATUS FOR TRAINING**

Approved Status may be sought prospectively or retrospectively (before or after the training occurs.) Certification Board approval for continuing education hours/events may be obtained in a variety of ways:

- A. Agencies may apply for and receive “Approved Provider Status”, and all training they offer are approved for a limited time, called “**the term**” of their provider status. Those agencies are listed on the website: [wvcbapp.org](http://wvcbapp.org). Make sure that any training you list on this recertification form, from agencies with Approved Provider Status, was provided **during the term listed**.
- B. The sponsoring agent: The individual, agency or institution sponsoring the training submits an application and fee to the Certification Board for a specific workshop or training event. The Board reviews the materials and, if appropriate, approves a set number of contact hours. The list of Sponsoring Agents can be found on the website: [wvcbapp.org](http://wvcbapp.org).
- C. By the trainer or faculty member: The person teaching the course or workshop submits an application and fee to the Certification Board. The Board reviews the materials and, if appropriate, approves a set number of contact hours.
- D. By the individual attending the training: The individual attending the training submits an application and fee to the Certification Board. The Board reviews the materials and, if appropriate, approves a set number of contact hours. Trainings approved in this manner are only approved for the individual submitting the approval application. Others wishing to claim credit for the same workshop must submit their own forms and fees.

When three or more individuals wish to claim the same training event, it makes fiscal

sense for them to ask the sponsoring agent or trainer to apply for approval. The cost is less and the workshop will be approved for all who attend.

Procedures and applications for these processes may be obtained from the Certification Board or on the website: wvcbapp.org. In addition to agencies and institutions that have applied for approved provider status, the following groups have been given Approved Provider Status ex officio: NAADAC; ICRC/AODA member boards; WV Department of Health, Division on Alcoholism and Drug Abuse; WV Association of Social Workers. Please note on the documentation page which trainings have been approved by NADAAC or other ICRC member board. The WVCBAPP may not have that information. For further clarification of questions about your re-certification, you may consult wvcbapp.org and review re-certification sections in the manuals on-line or contact the Board office for assistance.

**Recertification Fee:**  
**\$175 PER CREDENTIAL**  
**\$250 for ADC-S or AADC-S**  
**(Non- refundable)**

**LATE FEE:**

A late fee of \$75.00 is charged to any re-certification applicant if the application has not been postmarked by August 30th.

**INACTIVE STATUS:**

Once a certified professional fails to submit the re-certification packet by August 30th of their recertification year, the credential is considered to be “inactive” and may not be used until re-certification is obtained. The individual may not identify him/herself as a Alcohol and Drug Counselor (ADC), Advanced Alcohol and Drug Counselor (AADC), Certified Criminal Justice Professional (CCJP) or Certified Prevention Specialist (CPS) and must notify his/her employer of the inactive status of the credential in question. Since the Certified Clinical Supervisor (CCS) credential requires that the individual holds an active ADC credential, one’s CCS will also become inactive if the ADC or AADC credential becomes inactive.

The individual can regain his/her credential up to 90 days past the expiration date by completing the re-certification process and paying all late fees (\$75.) After the 90 day period, your certification will be null and void and the individual will have to re-apply, complete all certification paperwork and take all tests in order to be re-credentialed.

## Code of Ethics Principles

### **NAADAC Code of Ethics**

“We counselors have a lot of power! As authorities on this terrible disease of addiction, let us be careful to never use power for petty or vindictive ends. To never thoughtlessly reject a client. We can affirm our client’s sense of value, or we can damage them with a casual joke or comment at their expense. We can help them to respect themselves, or we can tear down their self-esteem by treating them disrespectfully and unimportant. We have the power to do great good or great harm. Today, let me remember my power and take care to use it wisely.”

INTRODUCTION TO NAADAC/NCC AP ETHICAL STANDARDS

i–1

NAADAC recognizes that its members, certified counselors, and other Service Providers live and work in many diverse communities. NAADAC has the responsibility to create a Code of Ethics that are relevant for ethical deliberation. The terms “Addiction Professionals” and “Providers” shall include and refer to NAADAC Members, certified or licensed counselors offering addiction–specific services, and other Service Provider along the continuum of care from prevention through recovery. “Client” shall include and refer to individuals, couples, partners, families, or groups depending on the setting.

i–2

The NAADAC Code of Ethics was written to govern the conduct of its members and it is the accepted Standard of Conduct for Addiction Professionals certified by the National Certification Commission. The Code of Ethics reflects the ideals of NAADAC and its members. When an ethics complaint is filed with NAADAC, it is evaluated by consulting the NAADAC Code of Ethics. The NAADAC Code of Ethics is designed as a statement of the values of the profession and as a guide for making clinical decisions. This Code is also utilized by state certification boards and educational institutions to evaluate the behavior of Addiction Professionals and to guide the certification process.

i–3

In addition to identifying specific ethical standards, NAADAC recommends consideration of the

following when making ethical decisions:

1. Autonomy: To allow others the freedom to choose their own destiny
2. Obedience: The responsibility to observe and obey legal and ethical directives
3. Conscientious Refusal: The responsibility to refuse to carry out directives that are illegal and/or unethical
4. Beneficence: To help others
5. Gratitude: To pass along the good that we receive to others
6. Competence: To possess the necessary skills and knowledge to treat the clientele in a chosen discipline and to remain current with treatment modalities, theories and techniques
7. Justice: Fair and equal treatment, to treat others in a just manner

9. Honesty and Candor: Tell the truth in all dealing with clients, colleagues, business associates and the community
10. Fidelity: To be true to your word, keeping promises and commitments
11. Loyalty: The responsibility to not abandon those with whom you work
12. Diligence: To work hard in the chosen profession, to be mindful, careful and thorough in the services delivered
13. Discretion: Use of good judgment, honoring confidentiality and the privacy of others
14. Self-improvement: To work on professional and personal growth to be the best you can be
15. Non-maleficence: Do no harm to the interests of the client
16. Restitution: When necessary, make amends to those who have been harmed or injured
17. Self-interest: To protect yourself and your personal interests.

## PRINCIPLE I: THE COUNSELING RELATIONSHIP

I-1

### Client Welfare

Addiction Professionals understand and accept their responsibility to ensure the safety and welfare of their client, and to act for the good of each client while exercising respect, sensitivity, and compassion. Providers shall treat each client with dignity, honor, and respect, and act in the best interest of each client.

I-2

### Informed Consent

Addiction Professionals understand the right of each client to be fully informed about treatment, and shall provide clients with information in clear and understandable language regarding the purposes, risks, limitations, and costs of treatment services, reasonable alternatives, their right to refuse services, and their right to withdraw consent within time frames delineated in the consent. Providers have an obligation to review with their client – in writing and verbally – the rights and responsibilities of both Providers and clients. Providers shall have clients attest to their understanding of the parameters covered by the Informed Consent.

I-3

### Informed Consent

Informed Consent shall include:

- a. explicit explanation as to the nature of all services to be provided and methodologies and theories typically utilized,
- b. purposes, goals, techniques, procedures, limitations, potential risks, and benefits of services,

- c. the addiction professional's qualifications, credentials, relevant experience, and approach to counseling,
- d. right to confidentiality and explanation of its limits including duty to warn,
- e. policies regarding continuation of services upon the incapacitation or death of the counselor,
- f. the role of technology, including boundaries around electronic transmissions with clients and social networking,
- g. implications of diagnosis and the intended use of tests and reports,
- h. fees and billing, nonpayment, policies for collecting nonpayment,
- i. specifics about clinical supervision and consultation,
- j. their right to refuse services, and
- k. their right to refuse to be treated by a person-in-training, without fear of retribution.

I-4

#### Limits of Confidentiality

Addiction Professionals clarify the nature of relationships with each party and the limits of confidentiality at the outset of services when agreeing to provide services to a person at the request or direction of a third party.

I-5

#### Diversity

Addiction Professionals shall respect the diversity of clients and seek training and supervision in areas in which they are at risk of imposing their values onto clients.

I-6

#### Discrimination

Addiction Professionals shall not practice, condone, facilitate, or collaborate with any form of discrimination against any client on the basis of race, ethnicity, color, religious or spiritual beliefs, age, gender identification, national origin, sexual orientation or expression, marital status, political affiliations, physical or mental handicap, health condition, housing status, military status, or economic status.

I-7

#### Legal Competency

Addiction Professionals who act on behalf of a client who has been judged legally incompetent or with a representative who has been legally authorized to act on behalf of a client, shall act with the client's best interests in mind, and shall inform the designated guardian or representative of any circumstances which may influence the relationship. Providers recognize the need to balance the ethical rights of clients to make choices about their treatment, their capacity to give consent to receive treatment-related services, and parental/familial/representative legal rights and responsibilities to protect the client and make decisions on their behalf.

I-8

#### Mandated Clients

Addiction Professionals who work with clients who have been mandated to counseling and related services, shall discuss legal and ethical limitations to confidentiality. Providers shall explain confidentiality, limits to confidentiality, and the sharing of information for supervision and consultation purposes prior to the beginning of therapeutic or service relationship. If the client refuses services, the Provider shall discuss with the client the potential consequences of refusing the mandated services, while respecting client autonomy.

I-9

### Multiple Therapists

Addiction Professionals shall obtain a signed Release of Information from a potential or actual client if the client is working with another behavioral health professional. The Release shall allow the Provider to strive to establish a collaborative professional relationship.

I-10

### Boundaries

Addiction Professionals shall consider the inherent risks and benefits associated with moving the boundaries of a counseling relationship beyond the standard parameters. Consultation and supervision shall be sought and documented.

Page 3 of 19

I-11

### Multiple/Dual Relationships

Addiction Professionals shall make every effort to avoid multiple relationships with a client. When a dual relationship is unavoidable, the professional shall take extra care so that professional judgment is not impaired and there is no risk of client exploitation. Such relationships include, but are not limited to, members of the Provider's immediate or extended family, business associates of the professional, or individuals who have a close personal relationship with the professional or the professional's family. When extending these boundaries, Providers take appropriate professional precautions such as informed consent, consultation, supervision, and documentation to ensure that their judgment is not impaired and no harm occurs. Consultation and supervision shall be documented.

I-12

### Prior Relationship

Addiction Professionals recognize that there are inherent risks and benefits to accepting as a client someone with whom they have a prior relationship. This includes anyone with whom the Provider had a casual, distant, or past relationship.
